

THANK YOU

Thank you for being part of our scrapbooking club. However, breaking up is hard to do! I'm sorry to inform you that our Digital Scrapbooking Club is now just a memory. We have kept it going since its inception in 2004. We decided at the meeting, since no one wanted to take it over, that we would combine our club with the My Memories group that meets on the third Wednesday of the month (9-11, with extra help from Linda until 11:30) at Lake Miona RC in the pottery/craft room. Linda Manson started this club many years ago and has been running it successfully. Most of our club members attend anyway so she won't be overwhelmed with extra people. There are no dues, no formalities, no badges, just learning, sharing and having fun. By the way, this group meets year round ... there is no summer break! I (and a few others) have volunteered to help Linda when she's out of town.

The members who attended the final meeting of the DSC (May 15) agreed that the money in the Treasury will be equally divided among ten different charities. Each of you as a paid member should send me a name of your favorite charity. Once all of the names are in, they will be put into a "hat" and ten names drawn. Those will be the charities where we will send the money. The bank account will be closed in early June so please have your charity name sent to me as soon as possible and no later than June 1.

We will keep the website active and hold back enough money from the Treasury to cover it for the rest of this year plus one more year. It will be revamped after particulars are ironed out.

Those of you who still want to join the DSC Facebook group, please inform me so I can have our webmaster, Cyndi Thomas, send you an invitation. I tried a month or so ago without success. Not sure what I did wrong but no one received an invitation. We will continue with this as well because lots of good information and sharing of ideas there.

It's been a pleasure getting to know you and establishing friendships over the years. I encourage you to attend the My Memories group because even if you don't want to purchase the software, there will be techniques for you to learn. The people who attend this group bring their laptops and work along with Linda. She plans to do challenges too ... and maybe in December a holiday brunch!

If you have questions about any of the above, please don't hesitate to call or email me. Enjoy your summer if you're up north ... or wherever you are!
